

Vermont Bankruptcy Information Clinics

Volunteer attorneys from the Vermont Bar Association will present FREE bankruptcy clinics for persons having financial difficulties and who may be considering filing for bankruptcy without the aid of an attorney, for persons who have already filed for bankruptcy, and for anyone who wants to learn more about the bankruptcy process.

These clinics will address issues such as credit implications, what happens when you “file” for bankruptcy, how the court process works, what happens to your bills and what you own, sources of additional help, and other crucial information.

Attorneys will not assist with the completion of paperwork or provide legal advice. Participation in these clinics neither establishes an attorney-client relationship nor constitutes the provision of advice.
